Professional: Remote, Pair-Programming, Teamwork, Mentoring.

EXPERIENCE

TERRITORIO DIGITAL S.A.S   **Remote**
Software Developer   October 2022 - present
- Integrating Google's Ads API using PHP on an agile team.
- Building a model using PostgreSQL with two databases and functions to insert the data from one to another made with pl/pgsql language.
- Creating jobs to parse the response from the APIs using Talend.

Mentor (Volunteer)   December 2021 – January 2022
- Mentored junior web developers, providing technical support through code reviews, yielding a 100% satisfaction rate from mentees and instructors.
- Proposed improvements to code organization to boost code quality and overall performance, resulting in a 30% decrease in the long-term cost of maintenance and bug fixes.
- Provided advice and tips on maintaining motivation to maintain longevity in the program, enhancing student retention by 23% from the previous year.

Highlighted Projects

RentUrTech — This is a React application part of a full-stack project called "RentUrTech". The main goal of this project is to provide users with an environment to reserve a specific product for a set amount of time.
- Built with: JavaScript, React-Redux, Ruby on Rails, and SASS. Live Version - Source Code

Budget-app — This is a ruby on rails application that allows users to create and authenticate them using the devise gem. When users are logged in the can create groups of transactions and see the total amount. Users can create transactions for one or many groups.
- Built with: Ruby on Rails, Bootstrap, SASS. Live Version - Source Code

EDUCATION

MICROVERSE   **Remote**
Remote Full Stack Web Development Program, Full-Time   November 2021 –July 2022
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.
- Developed strong communication skills by holding daily standups and weekly retrospective team meetings.
